EXECUTIVE SUMMARY

SANITATION CAMPAIGN: THE MAIN GOAL – HEALTHIER LIVES

Sanitation means a clean environment, as well as knowledge and understanding about the connection between hygiene and disease. The concept of sanitation was earlier limited to disposal of human excreta by cesspools, open ditches, pit latrines, bucket system etc. Today it connotes a comprehensive concept, which includes liquid and solid waste disposal, food hygiene, and personal, domestic as well as environmental hygiene. Proper sanitation is important not only from the general health point of view but it has a vital role to play in our individual and social life too. Sanitation is one of the basic determinants of quality of life and human development index. Good sanitary practices prevent contamination of water and soil and thereby prevent diseases. The concept of sanitation was, therefore, expanded to include personal hygiene, home sanitation, safe water, garbage disposal, excreta disposal and waste water disposal.

The Local Government, Elections and Rural Development Department, Khyber Pakhtunkhwa, is historically been associated with the responsibilities of maintain infrastructure and provision of municipal services including sewerage collections and treatment, water supply, solid waste disposal, drainage, street lightening and public parks/gardens. The Provincial Government of Khyber Pakhtunkhwa has emphasized for strengthening and improvement in services delivery for relief of the public.

In pursuance of the directives of the Provincial Government; the Local Government Department, Local Council Board and Local Councils have jointly started hectic efforts for provision of basic/mandatory municipal services of the general public on priority basis and launched a one month sanitation campaign with effect from 11th September 2013 but later on extended to 31st December 2013.

All the Chief Municipal officers, Municipal Corporation Peshawar & Municipal Committees, Chief coordination officers of the District Councils and Project Directors of the Local Area Authorities of the province were called for a series of meetings to chalk out plan for the sanitation campaign. Special steps were proposed like

- Proper coverage through print and electronic media.
- Inauguration of the campaign by elected representatives as well as other notables of the people.
- Constitution of vigilance committees comprising of senior officers for monitoring and supervision.
- Purchasing of sanitation machinery equipment for the campaign.
- Encouraging other donor/Non Governmental Organizations for the purpose.
- Photo shooting of the places before and after the sanitation action.

The campaign was much appreciated by the civil society, media, general masses and other organizations working in the field. It was the main reason why the campaign was extended two times. Total garbage of 37112 Tons was removed till date. Similarly 2264519 rft sweeping was performed. 1366963 rft sprinkling was performed. Similarly 1398875 rft drainage/sewerage was performed during the campaign till date. The figures are success stories of the Municipal agencies. If each and every Local Council story is figured and narrated, it will yield another Wikipedia to the enriched Local Services Delivery Journals.

All the expenditures incurred on the sanitation campaign have been provided by the Local Councils from their own sources. The provincial ex-chequer has not been affected, however, due to above expenditures the other activities of Local Councils have been effected which needs financial aid/grant, so as to fulfill the rest of municipal services as well as to continue their efforts for maintaining the same condition for ever.

SLOGANS

صفائی نصف ایمان ہے۔

آئیں اپنے ارڈگرڈ کے ماحول کو صاف اور سُتھرا رکھیں۔

گندگی اٹھاؤ زندگی بچاؤ۔

ماحول کی صفائی عام بنا آئیں ایمان اپنا مضبوط بنا آئیں۔

صفائی کی عادت عظیم عبادت۔

کوڑے کر کٹ کو مخصوص جگہوں اور ڈبوں میں ڈالیں

صفائی اپنا آئیں خود کو بیماریوں سے بچاؤ۔

گندگی مُکاؤ، معاشرے کو بیماریوں سے بچاؤ۔

Slogans for change

BACKGROUND & RATIONALE

Background:

- Large quantity of solid and liquid waste being produced every day in the urban areas of Khyber Pakhtunkhwa. Municipal entities make their usual efforts to remove but only a part of waste is removed normally.
- The existing capacity of the municipalities is insufficient to meet the challenge.
- Outdate machinery and doing business cannot create the impact; the citizens want to see.
- There were heaps of junk that could be seen littered all around (garbage dumps).
- There were clogged drains and sewerage waste all over the place.
- The roads were very dirty.
- Sewerage waste all over the places was reported.
- Difficult for the commuters and pedestrians to cross or visit the bazaar due to encroachment was an obvious scene.

Rationale:

- New government agenda; that the citizens must feel a pleasant and positive change.
- Bring about an improvement in the general quality of life.
- Accelerate sanitation coverage.
- Generate felt demand for sanitation facilitates through awareness creation and health education
- Promote hygiene education and sanitary habits amongst student in school/colleges/universities/media/NGOs/civil society etc.
- Municipalities can play a role to realize the cleanliness dream.
- The municipal workers along with political leadership and notables of the community in such campaign reflect good image in peoples mind.
- The needs of local councils will also be determined after such campaign.
- Anti germs spray to fight against dengue and other insects.

SCOPE

The campaign was launched to focus and ensure the following activities: -

1. Providing efficient sanitation services and initiate special efforts in this regard to improve the situation.
2. Ensure provision of clean and hygienic environment to the general public.
3. Managing waste without wastage.
4. Clean and clear the sewerage lines and removing anomalies in the drainage system.
5. Clean and broad look of roads by sweeping and sprinkling.
6. Insecticide spray.
7. Safe guarding lives and properties.
8. Involve communities in campaign.
9. Ensuring safe and swift passage by leading anti-encroachment drives.

IMPLEMENTATION PLAN

- Launching of sanitation campaign and involving full strength of the department i.e. Secretariat officers, Local Council Board officers, Local Areas Authorities staff, Local Councils Staff.
- Spreading of awareness in the publicity for cleanliness and performing frequent proper implementation program.
- The publicity in the newspapers.
- Arrangement of inauguration of the campaign by the elites of society.
- Constitution of proper cell to handle monitoring and evaluation.
- Peshawar being a major city and capital of the province, the municipal Corporation Peshawar, District Council Peshawar and Peshawar Development Authority were assigned the leading roles in the campaign.
- Asking all local councils for provision of photographs and videos before and after the campaign.
- Mandating all local councils to submit a complete report/presentation to the government on how much solid waste removed, sprinkling done, sewerage/drainage done.
- Awareness through wide publicity of sanitation campaign and motivation of citizens by handout, banners, and billboard as well as holding meetings, walks, seminars, conferences etc.
- Deployment of Machinery and vehicles at the sites along with sanitary workers.
- Division of MCs/DCs in blocks each consisting of 2 to 3 union councils
- Engagements of Staff and private persons.
- Appointment of the focal person for the guidance and resolution of issues if raised.
- Authorizing the CCOs/CMOs to incur expenditure on emergent arrangement of main power, machinery and equipments.
- Liaison and coordination of district councils with respective municipalities and contribution of the resources for the achieving the aims.
- Motivation of volunteers and social activists to take part in cleanliness campaign.
- Constitution of vigilance committees of the senior officers of LGE&RDD and LCB at provincial level to monitor the activities and provide guidance to the local bodies.

Results & Reports

DISTRICT PESHAWAR

The Cleanliness Campaign was inaugurated by the Honorable Minister LGE&RDD, Government of Khyber Pakhtunkhwa, in the entire Province from Tehsil Park (Gor Gatheri) to Chowk Yadgar and along Ashraf Road upto N-5.

MC/DC	Expenditure	Garbage Lifting (Ton)	Sweeping+Sprinkling+Se werage (rft)
DC Peshawar	200000		0
MC Peshawar	11196266		0
MC University Town	1350000		0

Leading by Example (Inauguration by Minister LGE&RDD)

The corporation area was divided in blocks each consisting of 2 to 3 union councils and an officer of MC has appointed as its In-Charge / Monitor. Similarly one clerk has been posted in each union council who will assist the Municipal Inspector and will take photos of the sites before and after the cleaning. Two clerks were deputed in dumping grounds to record arrival of garbage in dumping ground with particulars of drivers, vehicle numbers and place from where lifted.

The Municipal Corporation Administration/staff performed to their best during the campaign to keep the area within the MC, Peshawar clean and provide the best municipality services to the dwellers of the area.

CONCLUSION

The cleanliness drive was conducted with zeal and implemented in letter and spirit. Despite limited staff and insufficient resources, the MCs/DCs have managed the following: -

1. Provided efficient sanitation services and initiated special efforts in this regard to improve the situation.
2. Provided other efficient municipal services.
3. Properly collection, transferring and dumping solid waste material was done.
4. Regular clearing of drains and sewerage wastage is in progress.
5. Road giving a clean a broad look after sweeping and sprinkling regularly.
6. No leniency was shown toward encroachers and ensured safe & swift passage for commuters & pedestrians.
7. Involved communities in campaign.
8. Attracted NGOs toward the cleanliness campaign.
9. The uniqueness of the campaign is that only own resources were mobilized.
